12 player minimum  
Group size unlimited

**BattlefieldLive Wisconsin** provides World Class mobile laser tag in the Southwest Wisconsin area. With a BattlefieldLive Wisconsin laser tag birthday party, graduation party, or any other celebration you can count on your guests having a great time.

Our Battlefield Sports Gaming Guns are a completely unique brand of combat entertainment in which the player can experience a live-action version of popular video games like "Call of Duty" or "Fortnite."

Your battlefield can be set-up almost anywhere, any time of day or night and is only limited by your imagination. Back yard, open field, forest, or park can be transformed in minutes from a dull setting to an action-packed battlefield. You can also play indoors as long as the space is large enough to accommodate the number of players you expect. Your Battlefield can be as small as half a basketball court to as large as a football field.
